November 10, 2021

Dear Patient/Patients:

It's with a very sad heart that I announce that I will be closing my dental office effective end of day Tuesday, November 16, 2021 for any dental procedures. I apologize for the short notice but this was forced on us just last week as we have lost our lease.

On July 31<sup>st</sup>, ninety days prior to the expiration of the lease, I notified the landlord that I wished to renew the lease on my office space. We were presented with a proposed new lease by the new landlord at the eleventh hour, just a scant few days prior to the expiration of our current lease that expired on October 31<sup>st</sup>. Unfortunately, the landlord then became uncooperative in regard to negotiating lease terms, leaving us in a position where we were unable to negotiate satisfactory terms. As a result, we have "lost our lease" and have no choice but to move out. I had every intention of renewing my lease and continuing your dental care as I enjoy dentistry. But we were too far apart on the lease terms. So I'm forced to close.

Any existing appointments will need to be re-scheduled with a different dentist. I would recommend any of the dentists in Charlevoix as they are all good people. We will be in the office packing until the end of November if you want to call and pickup any current x-rays. I will be retaining your charts at an off-site location after the end of November. So if you need current x-rays please call me at the number listed below.

I have loved practicing dentistry for the past 34.5 years and have enjoyed taking care of your dental needs these past few years but we don't always have a choice. I can't apologize enough for this situation and leaving you on such short notice. I wish you well and thank you for entrusting me with your dental needs. If there is anything I can help you with during this transition please don't hesitate to call me at (231) 437-2025.

Sincerely,

  
Tracy M. Nemecek, DDS
